

Florence, May 7, 2022

To the Esteemed Colleagues of the HSFI Administration:

We are writing with regards to the ongoing Summer Pre-College Program in Florence that HSFI students have successfully participated in over the years.

With the intent of clarifying institutional involvement:

HSFI and FUA-AUF bear in no way legally binding or contractual relations whether through a formal contract or agreement for the Pre-College Program.

Program participation involves students who, outside of the HSFI academic calendar dates, voluntarily and individually:

- Enroll in the program with the permission of their parents or legal guardians.
- Fulfill all financial responsibilities for the program.
- Provide a student and family-signed waiver of responsibility in order to participate in the program (attached).

We deeply appreciate HSFI's encouragement of student participation in study abroad as an additional, extra-curricular option for students to gain internationalizing experiences outside of the school year.

Thank you and we remain available for any questions for further follow-up.

Sincerely,

Admissions Office  
Florence University of the Arts – The American University of Florence  
Corso dei Tintori 21  
50122 Firenze
